(a) **APPLICANT:**
Captain Jay's Restaurant
13500 Nine Mile
Oak Park, Michigan

PROPERTY:
13500 Nine Mile
Property Identification Number: 25-29-354-004

ORDINANCE REQUIREMENTS AND REQUEST:

Three variances are requested:

1. Article XVIII, Section 1805, B, permits one wall sign per tenant. The applicant is requesting a waiver to allow for a total of six (6) wall signs to be displayed on the building.
2. Article XVIII, Section 1805, B, permits one (1) wall sign to be displayed on the front of the building. The applicant is requesting a waiver to allow for three (3) wall signs to be displayed on the front of the building.
3. Article XVIII, Section 1805, B, permits one wall sign to be displayed only on the front of the building. The applicant is requesting a waiver to allow for wall signs on both sides of the building and one in the rear of the building.

STAFF FINDINGS OF FACT:

- 1) The property is currently zoned B-2, General Business District.
- 2) Article XVIII, Section 1805, B, permits one wall sign per tenant.
- 3) The applicant is requesting a waiver to allow for a total of six (6) wall signs to be displayed on the building.
- 4) Article XVIII, Section 1805, B, permits one (1) wall sign to be displayed on the front of the building.
- 5) The applicant is requesting a waiver to allow for three (3) wall signs to be displayed on the front of the building.
- 6) Article XVIII, Section 1805, B, permits one wall sign to be displayed only on the front of the building.
- 7) The applicant is requesting a waiver to allow for wall signs on both sides of the building and one in the rear of the building.
- 8) The business currently has 111 square feet of permitted signage displayed:
 - a. One 86 square foot wall sign.
 - b. One 25 square foot monument sign.
- 9) The Zoning Ordinance sign regulations allow retail businesses a total of 150 square feet of signage (30 square feet for a monument sign and 120 square feet for one wall sign).
- 10) The applicant is proposing an additional 96 square feet of signs to be displayed:
 - a. One 9 square foot wall sign (west front face of building).
 - b. One 9 square foot wall sign (east front face of building).
 - c. One 30 square foot wall sign (west side of building).
 - d. One 30 square foot wall sign (east side of building).
 - e. One 18 square foot wall sign (rear of building). Note: A graphic of this sign was not included with the application.
- 11) There are no nearby visual obstructions along Nine Mile that reduce visibility of the existing monument or wall sign.

STAFF RECOMMENDATIONS:

The applicant Captain Jay's Restaurant is requesting variances to allow for five (5) additional signs to be placed on the building for a total of seven (7) signs for the business. The restaurant is near a fairly busy intersection on a stand-alone property with great visibility in almost four directions. In addition to the existing signs the building is painted in a colorful manner that increases its visual presence on Nine Mile and also from Coolidge Highway.

Considering the fact that there are *no unique circumstances of the property* that inhibit visibility of the business it is hard to justify granting variances for additional signage. The business currently has the permitted number and size of signage (one monument sign and one wall sign totaling less than 150 square feet) on the property and both signs can be seen from Nine Mile adequately. In this case allowing additional signage does not seem reasonable or fair to other businesses in compliance. With this in mind a determination of a practical difficulty (*compliance would not unreasonably prevent the owner from using the property for a permitted purpose, strict compliance would not render conformity unnecessarily burdensome, there are no unique circumstances of the property*) could not be supported.

Taking the above findings of fact into consideration, it is the recommendation of the Planning Division to deny the variance requests.

Chairperson Landau opened the floor for comments:

Representatives from Captain Jay's presented arguments that the building is situated in such a way that the permitted sign cannot be seen from the west or from the south. They contended lack of visibility constitutes a hardship based on research concluding that hungry motorists have five seconds to make a decision about where to eat. The representatives argued that Tim Horton's, Walgreens and CVS all have multiple signs.

A representative of the property owner spoke in favor of the requested variance being approved, noting that businesses on the site have struggled for success. He testified Captain Jay's has signed a 20-year contract and has spent \$2 million on renovations so far.

Former State Representative David Nathan (District 8, Detroit), spoke in favor of the variance being granted, as did two employees of Captain Jay's.

In response to an inquiry from Mr. Blumenkopf about the possibility of scaling back the request, the representative of Captain Jay's indicated it is important to have signs on the front, and on both the east and west sides of the building.

City Planner Rulkowski stated the Captain Jay's store on 8 Mile Road has only two signs and vehicles on 8 Mile are traveling at greater speed than the location under discussion. He further maintained that the majority of businesses in the subject area have only one sign on the building, and asserted the monument sign should be adequate to attract traffic from both the east and west.

Answering questions from Mr. Cohen, the representative for Captain Jay's stated business hours at the subject store are 10:00 a.m. to midnight, employs 60 people, and indicated the signs would be lit.

MOTION BY Seligson, SECONDED BY Blumenkopf: based on the information presented in the Planning Division Report, and additional findings of fact discussed during the review of case # 16-03, to **deny** the request of the Captain Jay's Restaurant, 13500 Nine Mile,

1. for a waiver from the provisions in Article XVIII, Section 1805, B, to allow for a total of six (6) wall signs to be displayed on the building.
2. for a waiver from the provisions in Article XVIII, Section 1805, B, to allow for three (3) wall signs to be displayed on the front of the building.
3. for a waiver from the provisions in Article XVIII, Section 1805, B, to allow for wall signs on both sides of the building and one in the rear of the building.

VOTE: Yes: Barton, Blumenkopf, Cohen, Huston, Landau, Selgson
No: None

MOTION CARRIED

Responding to questions from the property owner, Mr. Rulkowski explained alternative variance requests will require a new submittal, and indicated he would be willing to work with the owner on a separate sign request.

(b) **APPLICANT:**
Mr. Wayne Wudyka
8775 Capital
Oak Park, Michigan

PROPERTY:
8775 Capital
Property Identification Number: 25-33-152-003

ORDINANCE REQUIREMENTS AND REQUEST:
One variance is requested:

1. Article XVI requires that the rear yard setback to be twenty-five (25) feet. The applicant is requesting a waiver of twenty-four (24) feet, one (1) inch to allow for the rear yard setback to be eleven (11) inches.

STAFF FINDINGS OF FACT:

- 1) The subject parcel is zoned LI, Light Industrial District.
- 2) Article XVI requires that the rear yard setback to be twenty-five (25) feet.
- 3) The applicant is requesting a waiver of twenty-four (24) feet, one (1) inch to allow for the rear yard setback to be eleven (11) inches.
- 4) The subject property is a corner lot, 368 feet wide by 158 feet deep.
- 5) The primary orientation of the building faces Capital.
- 6) At the April 11, 2016 meeting the Planning Commission approved a Site Plan for a 10,480 square foot addition subject to the Zoning Board of Appeals granting the necessary rear yard setback variance.
- 7) As proposed on the Approved Site Plan, a new eight space parking lot and drive is proposed for the Wyoming Avenue side (west side) of the property.
- 8) The Fire Inspector as part of the Site Plan Review process has reviewed the proposed location of the building.
- 9) The proposed addition is to be located on the rear property line, with the new building line to match the existing building footprint along the rear property line.

STAFF RECOMMENDATIONS:

The applicant, Mr. Wayne Wudyka, CRDN (Huntington Cleaners), recently received approval from the Planning Commission, to construct a 10,480 square foot addition to their existing facility at 8775 Capital. The approval was subject to the Zoning Board of Appeals granting the necessary rear yard setback variance. CRDN (Huntington Cleaners) performs fire restoration to a variety of fire damaged items at this facility. The proposed addition is to be located on the rear property line, with the new building line to match the existing building footprint along the rear property line.

In this case, strict compliance with the Zoning Ordinance provisions could possibly result in an unusual building line along the rear property line that while conforming to the setback provisions, would serve no useful purpose. In this case, conformity with the Zoning Ordinances setback provisions could be determined to be unnecessarily burdensome. Because this is a question of unique circumstances of the property being a corner lot and the location of proposed building on the property, an argument for a practical difficulty could be demonstrated.

Taking the above discussion and findings of fact into consideration, it is the recommendation of the Planning Division to approve the variance request.

Chairperson Landau opened the floor for comments:

Daniel Biber, petitioner's architect, explained the existing facility is in conflict with rear yard setback requirements. The petitioner needs to expand the building and needs to align with the current rear wall to have enough functional space. Mr. Biber indicated the parent company is CRDN and that cleaning is done at the subject location.

MOTION BY Barton, SECONDED BY Huston: based on the information presented in the Planning Division Report, and additional findings of fact discussed during the review of case # 16-04, to **approve** the request of Mr. Wayne Wudyka, 8775 Capital,

1. for a waiver of twenty-four (24) feet, one (1) inch from the provisions in Article XVI, to allow for the rear yard setback to be eleven (11) inches.

2) Capital Improvement Program 2016-2017 Annual Budget.

Director Barrett explained the Municipal Planning Enabling Act requires the preparation of a 5-year capital improvement plan as part of the City's budget process. The Planning Commission is asked to review the plan before it is presented to City Council for final approval as part of the 2016-2017 Annual Budget.

Director Barrett clarified several points for the Commission and indicated Scotia from Oak Park Blvd. to 10 Mile Road will be assessed for rehabilitation priority status. He also noted the City is seeking to have the Road Commission for Oakland County or Detroit Edison repair the sidewalk flag referenced by Mayor McClellan.

PUBLIC HEARINGS:

- A. Public Hearing to receive comments on proposed a text amendment to Article VIII, B-2, General Business District. The proposed text amendment to the B-2 District would allow smoking lounges as a permitted use.**

Vice Chairperson Brown opened the public hearing at 7:39 p.m. and, there being no comments from the public, closed the public hearing at 7:39 p.m.

- B. Planning Commission action on proposed text amendment to Article VIII, B-2, General Business District that would allow smoking lounges as a permitted use.**

City Planner Rulkowski presented the proposed text amendment as explained in his report, dated May 4, 2016:

As discussed at recent Planning Commission meetings the Planning Division has received some inquiries regarding whether Smoking Lounges (sometimes called a Hookah Lounge) are permitted in the City of Oak Park. The Zoning Ordinance and City Code do not make any specific references to Smoking or Hookah Lounges or the regulation of these uses. After performing a search on this type of business it was discovered that a number of communities have experienced problems with this type of business, specifically an extraordinary number of responses by the police to these businesses.

The City Manager and Council has been aware of this potential problem and the City Attorney has a draft ordinance regarding the operation of Smoking Lounges that will be included as part of the Business Chapter of the General City Code.

As part of this effort, the Planning Commission should determine and recommend to City Council the appropriate Zoning District to permit Smoking Lounges.

At the April meeting a Public Hearing was scheduled for the May 9, 2016, regular meeting.

MOTION by Seligson, SECONDED by McClellan, based on the information presented in the Planning Division Report, and additional findings of fact discussed during the public hearing, to recommend to City Council **approval** of the proposed text amendment to allow Smoking Lounges as a permitted use in only the B-2 General Business District with the following conditions:

P. Smoking Lounges provided that:

- 1) The proposed Smoking Lounge is not located within 500 feet of a school, park, or place of worship.
- 2) The proposed Smoking Lounge is not located within 1,000 feet of any other Smoking Lounge.

NEW BUSINESS (cont.):

1. 1-800-Self Storage, 15160 Eight Mile Road, Final Site Plan Review.

City Planner Rulkowski covered the contents of his report, dated May 3, 2016:

The applicant, Ed Hersch, has submitted a Final Site Plan to renovate an existing three-story, 39,584 square foot office building into a 322 unit self-storage facility. The Site Plan indicates that all storage will be on the interior of the building and there will be no outside storage.

The property is zoned LI, Light Industrial District and the proposed use is permitted by right. The existing building meets the setback and height requirements.

Based on the proposed number of storage units (322 units), the proposed facility is required to provide 32 parking spaces. The Site Plan indicates 33 parking spaces will be provided. The proposed use utilizes the existing parking lot and traffic circulation pattern. The rear portion (approximately 105 feet by 125 feet) of the existing parking lot behind the building will remain hard-surfaced and provide as the entryway to the parking lot. No vehicle or truck parking is approved for the undefined hard-surface area on the rear 125 feet of the property. No outdoor storage is approved for any portion of this property.

The Site Plan shows two loading areas in the front and rear of the building. The rear loading area will have a new canopy to provide protection from the elements during loading.

There are some hard surfaced parking areas that are in need of some minor repair and should be addressed during the renovation of the site. In addition, the main driveway on the

eastern property line that also provides access to Value Wholesale is in need of repair, primarily near Eight Mile Road.

The Site Plan shows a new dumpster enclosure in the northwest corner of the site. The Site Plan includes a construction detail for the dumpster enclosure.

The Site Plan does not indicate any existing or proposed exterior lighting. However there are two large parking lot light poles in the rear parking lot. The owner has indicated they will remain and be made functional. All exterior lighting should be shielded and downward casting to eliminate the possibility of nuisance to the adjoining properties.

A new vinyl-coated chain-link fence is proposed to enclose the rear parking area. There is an existing chain-link fence along the east side of the building which appears to have little function and is in disrepair. The applicant has indicated he will remove this fence.

The building elevations do not indicate whether there will be any new mechanical equipment on the roof or ground. The Zoning Ordinance requires all roof top and ground level equipment to be screened.

There are two wall signs and a monument sign indicated on the Site Plan. The sign regulations only allow for one sign on the front face of the building and for a monument style sign. A separate sign application will have to be submitted and therefore no signage is approved as part of the site plan review.

Dustin Holder, partner of applicant Ed Hersch, and Planner Rulkowski answered Commission members' concerns:

- The building will be converted into an indoor, climate-controlled facility housing 300-350 storage units.
- A landscape plan meeting City regulations has been submitted.
- Project is estimated to be completed in 90 days.
- General contractor is working on correcting the standing water issue.
- Access for facility is included on site plan.
- Existing elevators have weight capacity of 2500 lbs. and will accommodate a three-cushion sofa.
- Applicant agrees to the conditions recommended by City Planner Rulkowski.

Vice Chairperson Brown expressed concern that the applicant began work before going through the proper process before the Planning Commission and requested confirmation from City Planner Rulkowski that the applicant received a demolition permit. Mr. Holder stated a demolition permit application was submitted for interior demolition. City Planner Rulkowski indicated the Building Official and the Fire Marshall were aware of the interior work, and demolition permits do not require review by Planning Commission.

MOTION by Eizelman, SECONDED by Walters-Gill, to approve the Site Plan for 1-800 Self Storage, 15160 Eight Mile Road, with the following conditions:

- 1) Existing hard surfaced areas in driveways and parking areas to be repaired as necessary.
- 2) Proposed or existing lighting to be shielded and downward casting to eliminate the possibility of nuisance.

- 3) All proposed roof top or ground level equipment must be screened as required by the Zoning Ordinance.
- 4) No outdoor storage is approved for any portion of this property. No vehicle or truck parking approved for the undefined hard-surface area on the rear 125 feet of the property.
- 5) No signs are approved as part of the Site Plan Review. A separate permit must be requested for the inclusion of any signs at this site.

AGENDA OF: September 6, 2016

AGENDA #

SUBJECT: Resolution for Charitable Gaming License

DEPARTMENT: City Clerk

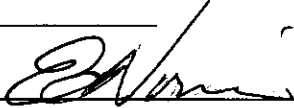

SUMMARY: The Bettye Harris Larynx Cancer Awareness Center located at 25900 Greenfield Road, Suite 226 has requested to be recognized as a nonprofit organization operating in the community for the purpose of obtaining a charitable gaming license. The Charitable Gaming Division of the State of Michigan requires that the local organization requesting the gaming license be recognized by resolution adopted by the local governmental subdivision in which the organization conducts its principal activities. The Bettye Harris Larynx Awareness Center is planning two Bingo Gaming Night fund raisers to be held October 12, 2016 and December 10, 2016.

The organization has provided documentation indicating classification as a public charity by the Internal Revenue Service located in the City of Oak Park.

RECOMMENDED ACTION: It is recommended that City Council adopt the resolution recognizing the Bettye Harris Larynx Cancer Awareness Center as a nonprofit organization operating in the community for the purpose of obtaining a charitable gaming license.
