(1) I understand that the City of Oak Park Water Department will shut off my water for a fee of \$100.00 which will be added to the Final Bill. While the water service is shut off, I will not be assessed charges for water, sewer, meter charges, or garbage and rubbish fees. When the water service is reconnected, the before mentioned charges will resume. It is also my responsibility to ensure that the water department is informed of when to commence billing of my water account.

(2) It will be the responsibility of the resident to provide winter protection from freezing for the water meter and plumbing in the dwelling. **If the water meter freezes during the winter months, the resident will have to pay for a meter replacement.**
