Automatic Debit Authorization Form

I authorize the City of Oak Park Utility Billing to withdraw the amount due for the utility bill from the designated financial institution and account listed below. I will continue to receive a utility bill, so I'll be reminded that a payment is about to take place and be withdrawn from my account on the due date.

This authorization will remain in effect until I provide a minimum seven day written notice prior to the scheduled due date to utility billing to terminate. I also understand that the enrollment/changes authorized will become effective with the first billing period possible.

If the City of Oak Park is unable to withdraw the amount from my bank account because of non-sufficient funds (NSF) or account not found, the City will charge my account a $30 NSF fee. I will be responsible for all penalties accrued on the account.

Please fill out the information below and return the completed form along with a blank, "voided" check or documentation from your financial institution showing account holder name, complete account number and routing number to: City of Oak Park Utility Billing, 14000 Oak Park Blvd, Oak Park, MI 48237
