The decision of the Director of Human Resources shall be given in writing within ten (10) working days after receipt of the grievance (excluding Saturdays, Sundays and Holidays or absence of the Director of Human Resources of more than three (3) days). The lack of a written answer within this time period shall be deemed to be a denial of the grievance.

The City, in no event, shall be required to pay back for more than three (3) working days prior to the date a written grievance is filed.

An employee who chooses payment must so elect in writing within 30 days of the date prescribed in each quarter for sell back.
 - 2. The amount of sick leave used by an employee shall be equal to the number of regularly scheduled hours he or she would otherwise have worked during his or her absence on such leave. Should a change in the workweek occur, accumulated sick leave shall be credited on the

basis of the new workweek schedule. Accumulated sick leave credit shall be converted to hours that would have been earned on the new workweek schedule.

3. A certification of illness or injury from a licensed physician may be required by the Human Resources Department as evidence of illness or disability as a condition to payment of compensation for the period of illness or disability exceeding three (3) working days. If the documentation is incomplete, or unsatisfactory, the City may designate a physician to make an examination at the City's cost or expense. The determination by the City's appointed physician shall be final and binding on the parties, and if it is adverse to the certification provided by the employee's physician, then such sick time, from the date of such examination shall be deemed "unexcused," and the cost of the physician designated by the City shall be borne by the employee.

5. Any employee who becomes ill and unable to report for work must, unless circumstances beyond the control of the employee prevent such reporting, notify the supervisor on duty no later than 30 minutes before the starting time of his or her particular shift on the first day of his or her absence, and daily thereafter if not hospitalized, or sick leave will be deemed unexcused.
6. If the employee chooses, after all accrued sick leave is used, vacation leave and other leave time may be used and payment made therefore to the extent of such leave accrued.
7. When an employee receives his or her last check for sickness or disability, he or she will be placed on leave without pay for a period not to exceed one year. If, at the end of that time, said employee is still unable to return to work, his or her employment shall be terminated in accordance with existing policy, rules, regulations, statutes and ordinances.
8. Employees shall accrue sick leave at eight (8) hours for each month worked, for every month in which they work or receive compensation for ten (10) workdays. Time lost by an employee by reason of any absence without pay, or time otherwise not worked or paid for, shall not be considered in computing earned credits for sick leave.
9. Employees shall receive credit for eight hours of bonus time if, during the Fringe Benefit Year (April 1st to March 31st), they do not use any sick time. These eight hours of bonus time can be added in one eight-hour increment to either the officer's sick time or vacation. These eight hours of bonus time will not be paid out.
10. Employees will be bought out of fifty percent (50%) of their accumulated sick leave upon retirement only, or the employee's pension beneficiary in the event of death.

11. Sick leave days that are taken, shall not count towards accumulation of sick leave credit. Therefore, if an employee does not have at least ten (10) working days, or vacation, personal, compensatory, or holiday leave days in the month, sick time will not be accrued.
12. Members may not donate sick time to other employees.

Such removal shall not be subject to appeal. The removal of a probationary employee from a rank, position, or grade, shall not be subject to the impartial arbitration provisions of the Grievance Procedure (resolution of disputes). All other steps of the Grievance Procedure (resolution of disputes) may be followed should the employee decide to file a grievance. In the event of such a removal, the employee shall resume the position from which he or she was promoted. Provided, however, that individuals who are promoted into this bargaining unit with different retirement benefits than provided for under this Agreement, those benefits will be continued under this Agreement unless the benefits are greater than those being provided to members of this Bargaining Unit.
2. A member is eligible for voluntary retirement if they are a non-covered member (see definition of "non-covered member," Sec 55-31 (b)(2)), who is at least 50 years old, and has 10 years or more of service credit. Members also have the option and are eligible for retirement after completion of 25 years of service, regardless of age.
3. Employees hired after July 1, 2011 and subsequently promoted into the Command Unit, shall have a 2.5% multiplier and a final average compensation calculated based on their effective base wage rate only. Minimum retirement eligibility will be 25 years of service.
4. A non-covered member must retire at age 62. However, in a time of national emergency, the Council may increase either or both the voluntary retirement age and the mandatory retirement age for any class or classes of members.
5. The City shall cause to be paid to the said Employee's Retirement System, all sums determined by the City's system actuary necessary to fund the Employee's Retirement System, together with the Participant's contribution, at the proper level to provide that each non-covered Participant

bargaining unit member's pension would be equal to 2.8% of the Final Average Compensation times the number of years of credited service upon attainment of retirement age.

6. The members of this bargaining unit shall contribute 9.5% of their compensation towards the funding of the Employee's Retirement System.
7. In no event shall a member's pension exceed 70% of Final Average Compensation. For members hired by the City on or after July 1, 1984, not more than the value of 650 hours of any accumulated leave will be added into the Final Average Compensation. If any bargaining unit member has more accumulated leave time, it shall be paid in accordance with current procedures but shall not be folded into the Final Average Compensation.
8. All members of the bargaining unit employed on and after July 1, 2000, shall be eligible to receive an allowance that will increase their annual retirement pension by 2.5% on each 5-year anniversary of their retirement. The increase will be effective in the anniversary month of retirement and shall be cumulative and applied to the annual pension paid in the year immediately prior to each five-year anniversary.
9. In the event that the members of the Oak Park Public Safety Officers Association (POAM) (OPPOA) receive any improved or additional pension benefit, in excess of the foregoing, as determined by the Command Officers Association, such improved or additional benefit shall be granted by the City to the Association under the same conditions or circumstances as received by OPPOA.
10. Members with a minimum of five (5) years of service with the City of Oak Park are eligible to purchase prior municipal time and prior U.S. Military time under the following conditions:
 - a. Municipal Time
 - i.* The cost for each year of service will be calculated taking the earning from the municipality you worked for, in the year you are buying back, multiply those earnings by the current employee contribution rate and add on compounded interest at the current net yield of the fund. The years bought will be the most recent prior municipal employment.
 - ii.* Municipal time is defined as service with a U.S. City, Township, County, Village, Road Commission, Drain Commission or Court System. It will also include public employment where the employee was a certified police officer.
 - iii.* The employee may purchase the time by lump sum payment for that time, with a minimum of not less than 1 year in each purchase (with the last purchase being less than 1 year), or they may utilize payroll deduction with an amount to be deducted each pay period for the time to be purchased.

- a. On a request to purchase prior municipal time, either the prior earnings or current base annual salary, if not military service, will be multiplied by the current contribution rate and compound interest on retirement system net yield added. If the payroll deduction method is selected, additional interest at the City's current interest yield for each year will be added for the period the employee chooses to spread the purchase. Purchased years will not be added to the employee's credited service until payment for the buy-back time is received in full by the City.
- iv. There cannot be duplicate pension service credit for any year in both Oak Park and the municipality whose prior municipal time is purchased.
- v. There is a maximum buy-back of 5 years of prior municipal service. The buy-back must begin within 3 years of eligibility and the payment be spread over a period no longer than the amount of time purchased.

b. Military Time

- i. The maximum buy-back is 5 years and may be accomplished in the same manner as the municipal buy-back, using the calculation of the current employee contribution rate, times the annual salary, times the number of years/months of prior service.
- ii. Honorable discharge is required with a copy of the employee's DD-214, or other authentication documentation of full-time service, as verification of service. Receipt or eligibility for a military retirement bars a buy-back of military service.
- iii. The pension system actuaries shall determine the cost of the buyback and the employee shall pay 50% of the cost of this calculation, upon receipt of the report from the actuaries.
- iv. Employees are limited to purchasing a combined municipal and military buy-back of 5 years.
- v. If income information from municipal time or military time is unavailable, then the current annual salary for the employee times the current pension contribution rate shall be used to determine the buy-back cost for 1 year of prior municipal time.
- vi. This purchase of prior municipal or military time will be recognized for years of credited service towards eligibility for retiree health coverage or amount of City payment therefore.
- vii. Any buy-back must be for full-time military duty or full-time municipal employment.

B. DEFINED CONTRIBUTION PROGRAM (DCP)

As of the effective date of this agreement, all new hired Public Safety Officers have the option upon hire, to be members of the Employee's Retirement System Defined Benefit program, or to participate in the City of Oak Park Defined Contribution Plan (DCP) (City Ordinance Chapter 55, Article III).

For members that elect to enroll in the Defined Contribution Plan, the City will contribute 7.5% of base compensation (based upon an 84 hour workweek) and match up to an additional 3% of base compensation, if contributed by the member. Members will be 100% vested after one (1) year of employment.

C. DEFERRED RETIREMENT OPTION PLAN (DROP)

2. Healthcare will be provided to eligible members based upon the provisions in the collective bargaining agreement in effect at the time they actually leave the employment of the City by leaving or the end of the DROP program. (This will include mirroring for prescriptions.)
3. A 2% interest rate will be paid to the participant's pension amount in the DROP.
4. Members in the DROP Plan will not have any sick, vacation or personal leave time. It will be replaced by a 180-hour annual paid time off bank, which will be payable as of April 1 in each year. For those members who enter the DROP after April 1, they will receive a pro-rata share of the 180 hours until the following April 1st. Members who participate in the DROP may also, at their discretion, roll over up to 100 hours of time accumulated before they enter the DROP which would have been payable to them at the time of retirement, excluding any sick time, when they enter the DROP period. On the first March 31st after their entry into the DROP, this 100 hours, or any lesser amount they rolled over, in their bank will be paid to them. It may not be carried forward. The 180-hour bank given to a member in the DROP each year must be used in that year except that a member may roll over 40 hours to the following year at their discretion. Any remaining hours in the annual paid time off bank at the conclusion of the DROP program, or their participation in it, will not be redeemable for payment. When a member enters the DROP, leave time shall be paid out in accordance with the DROP agreement and members will have no prior leave time except as noted in this Agreement. An employee in the DROP shall accrue paid time off at a rate of 15 hours per month. Upon separation of service, any time used prior to accrual shall be prorated upon separation of service. The remaining provisions of the collective bargaining agreement shall remain status quo and without modification.
5. Any member who is a DROP participant who becomes disabled due to a duty, or non-duty related illness or injury and is unable to return to work after a period of six (6) months, shall be separated from the City of Oak Park.

D. HEALTHCARE IN RETIREMENT

1. Medical, dental, and vision coverage will be made available to all retirees, their spouse at the time of retirement, and any eligible dependents at the time of retirement.
2. Once a retiree and/or spouse becomes eligible for Medicare, they must participate in the Medicare program, must enroll in Medicare Part B, and must pay for all of its associated costs. The City will provide supplemental coverage to Medicare to the eligible retiree and/or spouse at the time of retirement. Any survivor receiving a pension who receives health coverage from their employer or through a new spouse must participate in those health care programs as primary coverage and the City healthcare shall be supplemental, as long as they continue to receive a City pension.
3. If a member retires after July 1, 2006, and they are married to a City employee or retiree who also received medical coverage from the City, the City has no obligation to provide the retiree medical coverage and payment in lieu of medical coverage. If the couple divorces, then medical coverage will be reinstated, as stipulated by this section and the employee shall again receive the coverage provided by this Agreement.
4. The percentage of retiree's Blue Cross premium that will be paid by the City for members hired after January 18, 1993, but before July 1, 2011 shall be as follows:

Employed at least 10 years, but less than 15 years = 55%
Employed least 15 years, but less than 20 years = 75%
Employed at least 20 years, but less than 25 years = 85%
Employed at least 25 years, or more = 100%

Any current member of the group hired before January 18, 1993, would qualify for one hundred percent (100%) Blue Cross retiree premium paid by the City at twenty years and each other category would accelerate accordingly.

Employees hired after May 2, 2005 will be eligible for retiree medical coverage after 25 years of service.

Any member that receives a Duty Disability Pension, their medical benefits shall continue to be provided regardless of time in service according to all of the provisions of the Workers' Compensation Act and the Pension Ordinance.

The Blue Cross/Blue Shield Community Blue Option 4 (or subsequent Simply Blue 500 Plan if the Hard Cap is exceeded during the duration of this Agreement) shall be the base plan at retirement consistent with all the provisions set forth in this Article.

Members of the Bargaining Unit eligible for retiree health care shall receive prescription drug coverage benefits consistent with that of the current and future negotiated contracts with the active workforce. If the coverage changes for active employees than the retiree benefit will be modified to match the benefit of the active workforce. Should prescription drug coverage cease for any reason, the insurance last covering employees will remain in effect.

5. Members hired by the City on or after July 1, 2011 and subsequently promoted, in the Command Unit the above described insurance benefits for retirement shall not be available. Instead, said individuals will participate in an Employee Health Retirement Savings Account which replaces all insurance benefits for employees hired by the City on or after July 1, 2011 and subsequently retire.
 - a. These accounts may be used by the employee, their spouse, or qualified dependents to help offset the cost of health care after the employee retires or separates from service.
 - b. The employee does not pay taxes on the contributions, investment earnings, or distributions for medical reimbursements.
 - c. The City, at its sole discretion, can determine which plan will be provided and the same plan will be provided to all non-union employees.
 - d. After death, any remaining account balance may be used by the employee's surviving spouse or surviving dependents for the reimbursement of qualified medical expenses.
 - e. Vesting will be ten (10) years under this plan. The City's contribution will be 1% of base salary. The employee's contribution shall be 2% of base salary.
6. In the event a retiree shall live in a state which does not provide identical benefits for the same premium, the City's obligation hereunder shall be discharged by the furnishing of the policy, and the City shall not be obligated to supplement the policy by any other payments.

E. LIFE INSURANCE

The City shall provide a \$3,000.00 life insurance policy to all retirees.

BCBSM Preferred RX Program

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten or any other plan documents your group uses, if your group is self-funded. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Specialty Pharmaceutical Drugs - The mail order pharmacy for **specialty drugs** is AllianceRx Walgreens Prime, an independent company. Specialty prescription drugs (such as Enbrel® and Humira®) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. AllianceRx Walgreens Prime will handle mail order prescriptions only for specialty drugs while many in-network retail pharmacies will continue to dispense specialty drugs (check with your local pharmacy for availability). Other mail order prescription medications can continue to be sent to Express Scripts. (Express Scripts is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at bcbsm.com/pharmacy. If you have any questions, please call AllianceRx Walgreens Prime customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay/coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at bcbsm.com/pharmacy.

Member's responsibility (copays and coinsurance amounts)

Features of your prescription drug plan

Custom Drug List	<p>A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.</p> <ul style="list-style-type: none"> • Tier 1 (generic) - Tier 1 includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay/coinsurance, making them the most cost-effective option for the treatment. • Tier 2 (preferred brand) - Tier 2 includes brand-name drugs from the Custom Drug List. Preferred brand name drugs are also safe and effective, but require a higher copay/coinsurance. • Tier 3 (nonpreferred brand) - Tier 3 contains brand-name drugs not included in Tier 2. These drugs may not have a proven record for safety or as high of a clinical value as Tier 1 or Tier 2 drugs. Members pay the highest copay/coinsurance for these drugs.
Mandatory preauthorization	<p>A process that requires a physician to obtain approval from BCBSM before select prescription drugs (drugs identified by BCBSM as requiring preauthorization) will be covered. Step Therapy, an initial step in the "Prior Authorization" process, applies criteria to select drugs to determine if a less costly prescription drug may be used for the same drug therapy. Some over-the-counter medications may be covered under step therapy guidelines. This also applies to mail order drugs. Claims that do not meet Step Therapy criteria require preauthorization. Details about which drugs require preauthorization or step therapy are available online site at bcbsm.com/pharmacy.</p>
Mandatory maximum allowable cost drugs	<p>If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you MUST pay the difference in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug plus your applicable copay regardless of whether you or your physician requests the brand name drug. Exception: If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, you pay only your applicable copay. Note: This MAC difference will not be applied toward your annual in-network deductible, nor your annual coinsurance/copay maximum.</p>
Quantity limits	To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.

APPENDIX D

APPENDIX D
SUBROGATION

1. Where the injury or occupational disease for which compensation is payable under the provision of the contract was caused under circumstances creating a legal liability in some person other than a neutral person in the same employee of the Employer to pay damages in respect thereof, the acceptance of benefits or the taking of proceedings to enforce payments shall not act as an election of remedies, but such injured employee or his or her dependents or their personal representative may also proceed to enforce the liability of such third party for damages in accordance with the provisions of this section. If the injured employee or his or her dependents or personal representative does not commence such action within one (1) year after the occurrence of the personal injury or occupational disease, then the Employer or its Worker's Compensation insurance carrier or other insurance carrier may, within the period of time for the commencement of actions prescribed by statute, enforce the liability of such other person in the name of that person.

2. Not less than thirty (30) days before the commencement of suit by any party under this section, such party shall notify, by registered mail at their last known address, the injured employee or, in the event of his or her death, his or her known dependents or personal representative or his or her known next of kin and his or her Employer. Any party in interest shall have a right to join in said suit.

3. Prior to the entry of judgment, either the Employer or their insurance carrier or the employee or his or her personal representative may settle their claims as their interest shall appear and may execute releases therefore. Such settlement and release by the employee shall not be a bar to action by the Employer or its compensation insurance carrier to proceed against said third party for any interest or claim it might have.

4. In the event the injured employee or his or her dependents or personal representative shall settle their claim for injury or death, or commence proceeding thereon against the third party before the payment of benefits, such recovery or commencement of proceedings shall not act as an election of remedies and any monies so recovered shall be applied as herein provided.

5. In an action to enforce the liability of a third party, the plaintiff may recover any amount, which the employee or his or her dependents or personal representative would be entitled to recover in an action in tort. Any recovery against the third party for damages resulting from personal injuries or death only, after deducting expenses of recovery, shall first reimburse the Employer or its insurance carrier for any amounts paid or payable under the provisions of this Article to the date of recovery and the balance shall be forthwith paid to the employee or his or her dependents or his or her personal

representative and shall be treated as an advance payment by the Employer on account of any future payment of benefits.

6. Expenses of recovery shall be the reasonable expenditures, including attorney fees, incurred in effecting such recovery. Attorney fees, unless otherwise agreed upon, shall be divided among the attorneys for the plaintiff as directed by the Court. The expenses of recovery abovementioned shall be apportioned by the Court between the parties as their interests appear at the time of said recovery
